Asia's legendary playwright director Stan Lai has written one of the unique works of our time explaining that the mysterious act of creativity is actually a traceable function of mind and there is a path to learn creativity through unlearning many of our habits picked up in life his special map as well as tailor made exercises lays out an awe inspiring yet practical guide from a lifetime of creative work revered in Asia by artists and business leaders alike through his extensive experience the greatest living Asian playwright shows us how to cultivate a creative app that works within us Matthieu Ricard says Stan Lai teaches us how to see and how to do praised by Jack Ma Ang Lee and other luminaries this book is a rewrite by the author of his book that is the most prominent work on creativity in China having sold over 700 000 copies Robert Wilson calls the work foundational support for arts and culture Stan Lai is uniquely qualified to write on creativity because he not only has four decades of creative experience widely acclaimed as the greatest playwright in the Chinese language but is also a dedicated educator Shannon Jackson calls the work a must read from an internationally renowned artist can creativity be taught most of the books and training in this area deal with skills for jumpstarting alternative thinking brainstorming and other exercises but do not deal with creativity itself they don't tackle the obvious question what is creativity and how can I get it as one of the world's leading artists Lai explains that the reason we don't think creativity can be taught is that we don't really understand what happens in the mysterious process by slowing down the moment of inspiration Lai lets us see exactly the elements involved in this

complex process that lasts only an instant then he shows you how to prepare for this moment through his unique map of creativity this is a whole path of training in creativity which he explains clearly and humour and compassion and tailor made exercises travis preston says stan lai guides us to the center of the creative moment and the ultimate unity of the spiritual and physical worlds creativity is a milestone in understanding and learning the creative act born in america raised in taiwan with a career spanning the chinese diaspora lai believes that we are all born creative but the source to creativity has been blocked by life how to take down the barriers that are blocking the source from us is a task of unlearning many things that have become habits and put us into a so called non creative mode taking his cue from his buddhist training that wisdom and method are both needed for success in any endeavour he explains how wisdom has mysteriously vanished from education systems all over most teaching in creativity focuses on method which one learns in one's art but we need another type of training more urgently the training for wisdom which can only happen in the domain of life to do you must first be to discover your creativity you must first discover yourself octavian saiu says this book is not a manual but a statement of belief an enduring message about how each of us can go beyond our limits

the ultimate creativity guide from the ultimate creativity coach are you ready to replace anxiety stuckness and overwhelm with courage clarity and effortless flow this simple step by step guide will free your creative spirit unlock your creative potential and make it easier than you ever imagined possible to express your creative passion whether you create on the page screen or easel or in the kitchen garden or craft studio you will discover your authentic creative voice and learn to trust it break through and past all doubt and self judgment dare to take the powerful risks that produce powerful work create with greater ease confidence and joy extraordinary with this remarkable roadmap mark david gerson opens the door to a more inspired way of creating in any medium a must read for all creative artists from wannabes to pros kathleen messmer professional photographer and author of the women across the river grab your copy today and leap into your most inspired creative life

wisdom's children is an inspired guide to the needs of today's children many of whom simply do not respond to our current educational system reading this information brings greater understanding and healing dr christiane northrup author of mother daughter wisdom bantam 2005 the wisdom of menopause bantam 2001 and women's bodies women's wisdom bantam 1998 while in meditation i sensed the familiar urging of my inner voice and reached for a pen children are arriving in vast numbers to assist in the crossover to an enlightened age they are a new prototype of human being and their soul purpose is to help humanity return to love wisdom's children describes a new generation of highly sensitive children whose heightened vibration and consciousness can bring about a transformation in the hearts of humanity it blends metaphysical information the author received intuitively with her experiences as a teacher and a parent she has witnessed the beauty of these children as they struggle to adapt to a world and an outmoded educational system that doesn't recognize their expanded perceptions and abilities the young beings among you carry an intuitive knowledge of universal truth and reflect your deepest longing as

spiritual beings to live in harmony with each other and the earth

from the author of the green witchcraft series comes a unique approach to using the tarot as a spiritual tool for channeling energy and communicating with the divine utilizing themes and images from natural witchcraft this book takes readers step by step through the major and minor arcana illustrations

this 1988 book provides sixteen chapters by acknowledged experts on the richness and diversity of psychological approaches to the study of creativity

adult development and learning have always existed as two separate fields of study with development falling under psychology and learning under education recent advances in theory research and practice however have made it clear that an important reciprocal relationship exists between them advances in development frequently lead to learning and conversely learning quite often fuels development the synchronicity between development and learning is responsible for positive changes in many capacities including insight intelligence reflective and meta cognition personality expression interpersonal competence and self efficacy this synchronicity is also leading to the growth of a new discipline at the borders of adult development and learning the handbook of adult development and learning is the first to bring together the leading scholars from both adult development and learning to explore what will form the foundation for this new discipline the latest research at the intersection of these fields it examines six major aspects of their intersection foundations key areas of integration the self system higher reaches of development and learning essential contexts and specific applications an introductory chapter explains why it is so important to recognize and fuel the growth of this new discipline subsequent chapters review the latest theoretical and empirical literature and provide a rich itinerary for future research this handbook is a must read for all who promote optimal aging it will be an invaluable reference for scholars in development and education as well as rich resource for policy makers and practitioners such as corporate executives and human resource personnel

when the united states entered world war ii in 1941 charles bradley enlisted in the army an avid skier and mountaineer with a degree in geology he quickly found himself among the first members of the new 10th mountain division the only unit of the u s army established to train men in mountain combat soon bradley was training candidates for a potential ground assault on japan and in a new theater for mountain warfare the magnificent but potentially life threatening aleutian islands bradley s military career kept him from the front lines of the war but he and his companions had their own battles with loneliness and fatigue with aleutian weather and terrain and with the military brass the axis powers were real enough but the immediate enemy was the environment it was bradley s job now on assignment with the north pacific combat school to help teach his trainees the skills of survival and mobility under conditions that included rugged terrain glaciers fierce winds heavy rains and snow storms and the threat of avalanches each story of confrontation with that rugged environment is balanced by one of discovery and awe the aleutians could be dangerous but they were also an unspoiled realm for adventure and fascination soldier bradley also grew as an artist his interest in the natural history and

geography of the islands is reflected in his paintings of what he saw near his posts first at unalaska and later at adak it is also reflected in his honest insightful prose bradley is a writer with his own voice his own clear way of conveying how recruits struggle or how ravens play aleutian echoes is one man s carefully observed sometimes wry memoir of natural wonders and unnatural challenges
